

# PATIENT FACT SHEET

## TALKING TO A URINARY INCONTINENCE SPECIALIST

Talking to a doctor who specialises in male urinary incontinence treatments may help you find a long term solution.

### CASUAL APPROACH:

- Is it true that my health may affect my urinary incontinence?
- I've had urinary incontinence or bladder leakage for years. Is there anything I can do about it?
- I'd like to ask you about treatments to improve my urine control.
- I am having problems with my bladder leakage can this be treated?

### DIRECT APPROACH:

- My urine control isn't all what it could be. What can I do?
- Do any of my medications cause urinary incontinence?
- Why am I having difficulty with my urine control?
- Are there alternative treatments for urinary incontinence I can try?
- What are the surgical and non-surgical treatment options for urinary incontinence?
- I would like to be referred to a urologist who specialises in all treatment options for urinary incontinence.

CAUTION: Indications, contraindications, warnings and instructions for use can be found in the product labeling supplied with each device.
